Minimum loan amount is $3,000. Equipment loans offered by NCMIC Finance Corporation (NCMIC) are subject to credit approval. NCMIC and the equipment vendor you select are separate companies, are not agents of one another, and have no authority to bind one another to financial or other contractual obligations. Consult your attorney or financial advisor for specific legal or tax advice before entering into any type of financing arrangement. Financing new equipment for your practice can reduce your federal income tax liability. Section 179 of the Internal Revenue Code may allow you to deduct the cost of new equipment purchases from your taxable income. **Section 179 allows businesses to deduct up to $2,560,000 for equipment purchases of $3,130,000 or less**. Purchases qualifying for this deduction include a new table, office furniture, computers, and software.

Your tax savings could be significant! In fact, the amount you may save in taxes could be more than the amount you'll pay in loan payments the entire first year. As tax situations differ, NCMIC always recommends that you contact a trusted tax advisor to confirm your eligibility for any deduction.

Equipment cost:	$29,995.00
Deduction under Section 179	$29,995.00
